Cantilever Sapphire / Stylus Nude Fine Elliptical 5/15 µm / VTA 20°

Coil Square 6N OCC / Weight 9 g / Output 0.28 mV / Impedance 4,7 Ω

Price CHF : 8.1% VAT included

The essence of Takumi is to gain a sublime understanding of the nuances of a particular art. To be focused and spend countless hours on one thing, and to carry on. It requires one to empty the mind and focus in a way that is simply not possible when still acquiring a skill. *by Nahoko Kojima*
